Dear Caregiver,

According to Florida Statute*, all school districts must provide parents with timely written notification of at least one open enrollment period for full-time virtual instruction students of 90 days or more which ends 30 days before the first day of the school year.

The Dixie District School Board can extend this opportunity to your student. Offered through MyDistrict Virtual School, your child would take part in a fully accredited learning experience guided by highly-qualified, Florida certified teachers.

As always, we are continuing the tradition of providing excellent academic challenges every day to meet the needs of all students and help them achieve their learning goals. We want families to understand that virtual coursework is only one of the options offered and students are not required to participate in online course work until they reach high school.

For self-motivated learners who know how to organize their time and see tasks through to completion, a virtual school course may be a good fit. Parents of students taking virtual courses must be prepared to take an active role in monitoring their child’s progress, ensuring their child maintains a regimented work schedule, and commits to a schedule of monthly calls with the virtual teachers in order to review academic progress. While a virtual program allows for a student to establish their own weekly schedule, they must achieve adequate weekly progress in all classes in order to continue as a full-time virtual school student. Required weekly progress is defined as 6% completion per class per week.

Full-time virtual school is a program of choice, meaning that students must apply and be accepted for admission. Full-time students must complete a minimum of 6 courses per semester and comply with all state course standards and assessment requirements.
